

Drying rail set 7 and in
a Safir 7.

DRYING RAIL

Light, attractive, stable, circular drying rail

Our drying rail is made of hardened aluminium and is available for each size of tent except size 2. The set includes a drying rail and suspension straps. You can easily add a smaller second rail in size 7 and 9 Nordic tipis. Fastening points are found in all tent models as well as in the inner tents.

Drying rail

Drying rail

The drying rail set consists of eight suspension bands and a strong, foldable aluminium rail.

Drying rail set	5	7	9	15
Weight (g)	410	520	650	660
Material	Aluminium, textile bands			
Article number	12587	12588	12589	12593

Extra drying ring

For sizes 7 and 9 you can select an extra drying ring in one size smaller. For example, to have two drying rings in a tent-size 7, you need a drying rail set 7 and a drying ring 5. It is attached to the upper holders on the suspension bands.

Extra drying ring	5	7
Weight (g)	175	230
Material	Aluminium
