1.

Fäst tillbehörskopplingen runt det band i toppen, som håller samman hylsan och ventilmössan.

Attach the accessory connector to the top, around the band which holds the cap and ventilator cap together.

2.

Fäst de långa banden i marken.

Peg the long bands to the ground.

3.

Sträck banden så att tillbehörskopplingen sitter bra.

Tighten the bands, ensuring that the accessory connector is correctly and snugly positioned.
